

# Star Search Song Lyrics

## We Didn't "Planet" This Way

Earth: It's such a pleasure to meet you.  
Our paths have finally crossed.  
All: With years of revolving  
we're slowly evolving,  
And so much time has been lost.  
Faith has brought us together.  
What happened? We just can't say.  
We surely were needing to set up a meeting,  
But we didn't plan it this way.  
\*\*Repeat with Kazoos  
Ending: It bears no repeating, we needed  
a meeting, but we didn't plan it.  
Don't understand it. We didn't plan it this way.  
We didn't plan it this way!

## Solar Introductions

Chorus - All: Mercury, Venus, Earth,  
Mars, Jupiter, Saturn, Uranus, Neptune, Pluto.

Mercury: I'm Mercury, I take the lead.  
I'm known for my tremendous speed.  
Venus: I'm Venus, I'm the brightest one.  
My clouds reflect the rays of the sun.  
Earth: I'm quite well known as Mother Earth,  
The place where all things have their birth.  
Chorus:

Mars: I'm Mars, but you can call me Red,  
The god of War, or so \_\_\_ it's said.  
Jupiter: I'm Jupiter, and really proud 'cause  
I'm the large-est one in the crowd.  
Saturn: It's Saturn here, I'm quite the sight.  
My rings shine bright-ly in \_\_\_ the night,  
Chorus:

Uranus: I'm Uranus, and must confide,  
I spin so neat-ly on \_\_\_ my side.  
Neptune: My winds are strong, my color's blue,  
I'm known as Neptune; how do you do?  
Pluto: And Pluto's farthest from the sun.  
I'm hardly seen by an-y-one.  
Chorus:  
We are the plan - ets!

## In My Own Little Space

Proxima: In my own little space\_I can be forever.  
In my own little space\_I can see for miles&miles.

All: Billions of stars with colors  
of red, yellow, blue and white.  
Their lights so softly flickering  
Like candles in the night.

In my own little world\_\_I can feel the stillness,  
In my own little world\_\_I can dream my dreams.

Spending my time building castles in the air.  
Never a worry, never a care.  
In my own little space, all alone in my own little  
world.

Proxima: In my own little space, all alone in my  
own little world.

## SUNNY SIDE UP

Sirius:When I'm down and out and I'm filled with doubt,  
I try to act sunny side up.  
Even when my day doesn't go my way.  
I try to act sunny side up.

Chorus: East side, West side, Best side,  
Sunny side up.

Solo: When my life gets worse in the u-ni-verse,  
I try to act sunny side up.  
When I'm feelin' grim, I can sink or swim.  
I try to act sunny side up.

Chorus: East side, West side, Best side,  
Sunny side up.

Solo: You should try to smile and within a while  
Your mood will turn sunny side up.  
It will make your day turn out A O K  
So try to act sunny side up.

All: East side, West side, Best side,  
Sunny side up.

Sirius: Sun-ny side, sun-ny side, sun-ny side,  
Sunny side up.

All: Sun ny side, sun ny side, sun-ny side,  
Sunny side up.

## Follow the Sun

Earth: I am just a traveler in this universe.  
All my time is spent on the sun.

Gotta follow the sun, follow the sun.

Born to follow the sun  
Follow (clap clap) follow (clap clap)  
Born to follow the sun.
